SKIN SAVERS

This Works In Transit Skin Defence moisturiser, £29

A super moisturiser that gives skin a hydration boost and even helps combat redness. It's so good at plumping and refreshing skin that it also acts as a good primer for make-up.

Decl or Hydra Floral Multi-Protection BB Cream, £29

Serious moisture-boosting properties combined with a lightweight tint to gloss over flaws or any discoloration.

Bioeffect 30 Day Treatment, £210

A spin-off of the brand's cult skin-boosting serum that uses epidermal growth factor (EGF) to improve skin. It will look firmer, with more glow and wrinkles reduced.

Burberry Fresh Glow, £34

Add a little of this to moisturiser or foundation to give skin a hint of dewiness.

Aurelia Probiotic Skincare Miracle Cleanser, £34

Gentle but highly effective, this cleanser comes with an antibacterial bamboo cloth that really cleans.
