

# THE BEAUTY EXPERT

You can trust Beauty Ed **Sarah Cooper-White** to find and try all that's new to make you look great

## WANT LONGER LASHES?

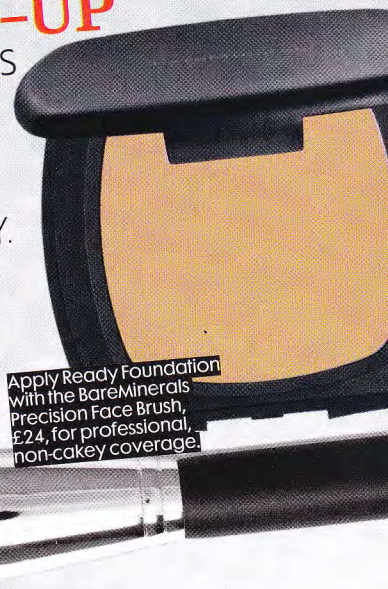

Anything that makes stumpy lashes longer is top of my wish-list. So I'm loving this **Shavata Lash Fabricator**, £15. Sweep it over a layer of mascara to coat lashes in hundreds of tiny fibres, which will make them look long and thick, then seal with another coat of mascara.

## ON THE GO MAKE-UP

LOVE BAREMINERALS MAKE-UP? THEN YOU'LL ADORE THE NEW **READY SPF20 FOUNDATION**, £25, AS IT LASTS ALL DAY. BUT, EVEN BETTER, BECAUSE IT'S A **SOLID POWDER FOUNDATION**, IT'S MESS-FREE.

Apply Ready Foundation with the BareMinerals Precision Face Brush, £24, for professional, non-cakey coverage.

## 3 Gorgeous Bright Lippies

Try a punchy summer colour to stay bang on trend...

1 Not one, not two but four gorgeously bright lipsticks in matte, gloss and satin finishes. **Sleek Makeup Lip4 Lipstick Palette in Mardi Gras**, £8.99.

2 For long-lasting vibrant colour, **Maybelline New York SuperStay 24hr Bold Matte Lip Color in Fire Coral**, £8.99.

3 We love the creamy finish of **Max Factor Colour Elixir Giant Pen Stick in Vibrant Pink**, £6.99.

## Give your skin a glow...

Hurray! The brilliant **Revlon Photoready Skinlights Face Illuminator**, £11.99, is back after being discontinued a few years ago. Apply wherever you want a bit of a sheen, or mix with your foundation for an all-over dewy glow. There are two shades - **Pink Light** for paler skins and **Bronze Light** for olive or dark skins.

## FEED YOUR FACE!

Probiotics aren't just good for your tummy - they're brilliant for your skin, too. I've been testing **Aurelia Probiotic Skincare** (from £34 for the **Miracle Cleanser**). The range contains lots of divine-smelling, good-for-your-skin ingredients, which have left my complexion looking all fresh and glowy.

## Oooh!

Pop into **Debenhams** from 12 May and get your hands on **Clinique's** new **A Different Nail Enamel**, £12. Formulated for sensitive skins, there are 12 core shades in the range and nine gorgeous limited-edition brights for summer.
